FOR IMMEDIATE RELEASE

WEST-MARK CELEBRATES 50TH ANNIVERSARY

(Atwater, CA – September 12, 2017) West-Mark team members, customers, and friends are invited to celebrate 50 years of manufacturing, sales and service of tanker trucks and trailers with a celebration open house on Friday, September 15, 2017, 10 a.m. to 4 p.m. at West-Mark Manufacturing Plant, 581 Industry Way, Atwater, CA 95301.

West-Mark is known locally for its lightweight and high quality stainless steel milk and sanitary trailers. West-Mark Service Centers are located in California and Alaska. Perhaps less known, is West-Mark's major projects for the U.S. military, foreign export sales, and specialty transportation equipment around the world.

The company founded by Art Nunes, Jack Smith, and Ernie Sisco in 1967, currently employs 200 workers at five locations in California and Alaska. According to Scott Vincent, President and CEO, "We are proud of our outstanding team members, many of which who have worked here for much of its fifty year history". The state of the art West-Mark manufacturing facility, which opened in 2000, will host tours and open house celebration.
